The Supplier shall ensure that:

(i) The Personal Data provided to the Buyer is collected by the Supplier and provided to the Buyer in accordance with applicable Data Protection Legislation; and

(ii) The persons whose Personal Data are provided by the Supplier to the Buyer in relation with this Contract have received fair processing information and the Supplier has followed all necessary legal requirements for the Processing of the Personal Data.

27.3. If and to the extent that the Supplier Processes Personal Data as a Data Processor on behalf of the Buyer, the Supplier and the Buyer will enter into a separate data processing agreement, in addition to the provisions of the Contract between the parties, which complies with the applicable Data Protection Legislation and becomes an annex to and incorporated into the Contract. The Supplier shall only Process the Personal Data upon the Buyer's instruction and the Supplier shall take appropriate measures to protect the Personal Data against any accidental or unlawful destruction, accidental loss, alteration, unauthorized disclosure or access and against all other unlawful forms of Processing of the Personal Data.

27.4. Supplier represents and warrants that (i) it does not and will not:

(a) employ children, prison labor, indentured labor, bonded labor; (b) use corporal punishment or other forms of mental and physical coercion, or verbal, cruel or abusive practices as a form of discipline; and (c) discriminate against any employees on any ground including race, religion, disability age or gender. In the absence of any national or Local Law the parties agree to define "child" as being a person of less than fifteen (15) years of age (if Local Law sets the minimum age below fifteen (15) years of age); and (ii) (a) it shall not give, promise or offer any Bribe, or request, agree to receive or accept any Bribe, in connection with this Contract or its dealings with the other party (this applies whether the Bribe is direct or through another party, and whether or not it involves a government official); (b) confirms that it is not an entity of which a government official is a principal, material shareholder, officer, director or employee and is not an entity which is affiliated with any such government official; (c) shall have in place adequate procedures to prevent those performing services on its behalf from committing Bribery; and (d) shall keep accurate and true records that are not misleading of all payments made in connection with this Contract or its dealings with the Buyer or the Representatives.

27.5. Each party agrees to comply with all applicable laws, ordinances, and regulations, from whatever authority they may emanate, provided they are not in conflict with U.S. law. Such regulations include but are not limited to EPA, OSHA and U.S. Commerce Department regulations and, to the extent applicable, any United States Government Flow Down requirements applicable to the Federal Acquisition Regulations ("FAR'S") and Defense FAR's ("DFAR's") which regulations are hereby incorporated by reference as if the same were set forth in full herein. In the event this Agreement, or any procedure or action herein imposed upon either party hereto, shall at any time be in conflict with any legal requirements imposed by any such authorities, and if substantial change is required to restore compliance, then either party shall have the right to terminate this Agreement by notice to the other party. Such termination shall not relieve Buyer of its obligations herein to settle any unpaid balances due hereunder; Supplier shall be relieved of any obligation to make additional deliveries hereunder on the date of such termination.

28. Severability

The invalidity or unenforceability of any provision or part of a provision of the Contract shall not affect the validity of the remaining part of the Contract. Parties shall replace the affected clause by a valid one that has the same effect within the confines of the law as the affected clause.

29. Waiver, rights and remedies

No failure or delay by the Buyer to exercise any right or remedy provided under this Contract or by law shall constitute a waiver of that or any other right or remedy, nor shall it prevent or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall prevent or restrict the further exercise of that or any other right or remedy. The rights and remedies provided under this Contract are in addition to, and not exclusive of, any rights or remedies provided by law.

30. Third Party Beneficiaries

Except with regards to clause 14, this Contract is for the sole benefit of the parties hereto and their successors and permitted assigns, and nothing herein expressed or implied shall give or be construed to give to any person, other than the parties hereto and such successors and permitted assigns, any legal or equitable rights hereunder.
